

## 27 June -3 July: Exhibition at Myddelton House Gardens

For the first time, our group will be exhibiting at Myddelton House Gardens.

There is a wealth of inspiration to be found at this site. Although the house is not open to the public, it's history and architecture provide ample source material. The statuary, formal and kitchen gardens present ever-changing vista and views throughout the seasons. The New River connection and the famous plantsman, A. E. Bowles, are additional avenues to be explored.

As a member you can get involved by:

- Creating textile artwork, inspired by any of the above, to hang in the Stable Gallery.
- Making pieces that could be installed around the garden, perhaps as a themed trail of some kind, and helping to create the trail.
- Stewarding the exhibition and talking to visitors about your work, the artworks and our group.

We really want everyone to participate, to demonstrate the variety of possibilities stitch and textiles can create, and to encourage new members to join us. So please be ready to join in, and show North London what we can do!
